Provost (PPG PR-143) is a great all purpose perennial ryegrass with dark green color, good density, excellent disease resistance and good wear tolerance. Provost earned high turf quality ratings in NTEP's transition region trial.

Provost has shown great wear tolerance in NTEP's traffic stress trial making it a great choice for areas with high use and heavy traffic.

Provost has good disease resistance to Gray Leaf Spot, Crown Rust, Red Thread and Brown Patch. It is suited for sod production, golf courses, lawns, parks, and commercial properties. Provost also does well in drought conditions.

Benefits

- Excellent Wear Tolerance 
- Gray Leaf Spot Resistance 
- Medium Fine Leaf Texture
- Dark Green Color
- Great Establishment
- Wear Tolerant

Seeding Rates

Permanent Turf:	7-8lbs/1,000 square feet
Overseeding Permanent Turf :	3-4lbs/1,000 square feet
Overseeding Warm Season Turf:	10-20lbs/1,000 square feet
